1. Provision is for expenditure on Secretariat of Department of Rural Development.

2. The Swarnjayanti Gram Swarozgar Yojana (SGSY) which came into effect from 1.4.1999, has been conceived as a holistic programme covering all aspects of self-employment like organisation of rural poor into Self Help Groups and their capacity building, training, planning of activity clusters, infrastructure development, financial assistance through bank credit and subsidy and marketing support etc. Past experience has also shown that rate of success is high if the efforts made are group based rather than individual oriented. The programme, therefore, emphasizes on promoting Self Help Groups. It also emphasizes the cluster approach in development of micro-enterprises in identified key activities. The banks and the other financial institutions are closely associated and involved in implementation of the programme starting with preparation of project report for each key activity for the selection of the swarozgaris and post project monitoring etc. The funds are shared between Centre and State in the ratio of 75:25. The target group of the Yojana consists of rural poor families living below poverty line. Within the target group, the guidelines for the yojana provide for that the SC/ST shall be account for 50%, women for 40% and disabled for 3%.

3. Sampoorna Grameen Rozgar Yojana (SGRY) was launched with effect from 25<sup>th</sup> September 2001 by merging the on-going schemes of the Employment Assurance Scheme (EAS) and the Jawahar Gram Samridhi Yojana (JGSY). The objective of the programme is to provide additional wage employment in the rural areas as also food security, alongside the creation of durable community, social and economic assets and infrastructure development in these areas. Towards this end the SGRY envisages distribution of foodgrains @ 5 kg per manday to the workers as part wages. While the cash component will be shared by the Centre and States in the ratio of 75:25, the Central Government meets the entire cost of the foodgrains released to the States/UTs. The Programme is implemented in two streams. Each Stream gets 50% each of the total resources available under the programme. The First Stream is implemented at the District and Intermediate Panchayat levels. 50% of the funds and foodgrains available under the Programme are distributed between the Zilla Parishad and the Intermediate Panchayats in the ratio of 40:60. The Second Stream is implemented at the Village Panchayat level. The entire allocation under this stream

is distributed among the Village Panchayats through the DRDAs/ Zilla Parishads. The Programme is implemented through the Panchayati Raj Institutions (PRIs). There is also a Special component of the SGRY for augmenting food security through additional wage employment in the calamity affected rural areas after due notification by the State Governments and its acceptance by the Ministry of agriculture. A certain percentage of the allotted foodgrains under the SGRY is reserved for this purpose. Foodgrains under the Special Component can be utilised in any Scheme of the Central or State Government being implemented for generation of wage employment in the District affected by a natural calamity and duly notified as such. The cash component of the wages and the material cost are met from the Scheme under which the sub-component will be used.

4. Foodgrains which were provided under the Food for Work Programme are now met from the Special Component of the SGRY.

5. The objective of Indira Awaas Yojana (IAY) is primarily to help construction of dwelling units and upgradation of existing unserviceable kutcha houses of members of Scheduled Castes/ Scheduled Tribes, freed bonded labourers and non-SC/ST rural poor below the poverty line by providing them with grants-in-aid. From 1995-96, the IAY benefits have been extended to the families of the members of armed and paramilitary forces killed in action irrespective of the income criterion, subject to the conditions that (i) they reside in rural areas; (ii) they have not been covered by any other scheme of shelter rehabilitation; and (iii) they are houseless or in need of shelter upgradation. 3% of funds are reserved for the benefit of disabled below the poverty line in rural areas. The assistance ceiling for each house in plain area is fixed at Rs.20,000 and for hill/difficult area at Rs.22,000. Upgradation of unserviceable kutcha houses at the rate of Rs.10,000 per unit has also been introduced from the year 1999-2000. 20% of IAY funds are allocated under this head. The funds are shared between Centre and States in the ratio of 75:25. The Credit-cum-subsidy scheme initiated with effect from 1.4.1999 is now in operation and having an annual income of not more than Rs.32,000/-. These rural householders were not earlier covered under IAY, but this initiative has made them entitled to have their own house. Subsidy upto Rs.10,000/- and loan upto Re.40,000/- is provided to eligible household. To improve the availability of credit for Rural Households, equity support to HUDCO is also being provided. In order to provide overall better

habitat where sanitation & drinking water needs are also taken care of, the scheme of Samagra Awaas Yojana is in operation from 1999-2000. To promote and propagate cost-effective technologies, materials, designs, etc. in rural areas, a scheme namely-Innovative Stream for Rural Housing and Habitat Development-is in operation w.e.f. 1.4.1999. Apart from this, a scheme for setting up of rural Building Centres in the country is also being implemented with the objective of technology transfer, skill upgradation through training and production of cost effective building materials. Further, a National Mission for Rural Housing has been set-up to enable the induction of science and technology inputs on a continuous basis into the sector and providing convergence of technology, habitat and energy related issues with a view to providing affordable shelter for all in the rural areas within a specified time frame and through community intermediation.

6. The objective of the scheme of DRDA Administration is to strengthen the DRDAs and to make them more professional and effective. It is visualised as a specialised agency capable of managing anti-poverty programmes of the Ministry on the one hand and effectively relate these to the overall efforts of poverty eradication in the district on the other. This scheme is funded on a 75:25 basis by the Central and State Governments, for meeting administrative costs.

7. The provision includes assistance to National Institute of Rural Development (NIRD), and for Training Schemes viz. Strengthening of State Institutes for Rural Development, Extension Training Centres, Organisation of Training Course &

Seminar, Panchayat Development & Training, International cooperation and Information Technology.

8. This includes provision for assistance to Council for Advancement of People's Action and Rural Technology (CAPART) on promotion of voluntary action, IEC activities and Monitoring Mechanism.

9 & 10. The Pradhan Mantri Gram Sadak Yojana was launched in December, 2000 with the objective of providing connectivity to all unconnected habitations in the rural areas with a population of more than 500 persons through good all-weather roads by the end of the Tenth Plan period. In respect of hill States (North East, Sikkim, Himachal Pradesh, Jammu & Kashmir, Uttaranchal) and the desert areas, the objective would be to connect habitations with a population of 250 persons and above. Besides, the programme aims to upgrade the existing rural roads. In order to achieve the objective of the programme, a requirement of Rs.60,000 crore has been estimated. The available source of funds, for the present, is 50% share of the Cess on High Speed Diesel amounting to approximately Rs.2325.00 crore per annum, which would not be adequate to finance a programme of this magnitude in a definite time frame (2000-07). It would, therefore, be necessary to generate additional financial resources. Efforts are under way to find additional sources of funds.

11. Lump sum provision for North Eastern Region and Sikkim is being earmarked.
